

CONFERENCE PROGRAMME

Monday 9:00 - 10:30				
Plenary				
Pandora 1 & 2	<p>Opening addresses by <u>Professor Kammila Naidoo</u>, Dean of Faculty of Humanities, University of Johannesburg; <u>Dr Jacqueline Moodley</u>, Head of Department of Psychology, University of Johannesburg <u>Professor Petra Meier</u>, President of the Kettil Bruun Society, MRC/CSO Social and Public Health Sciences, University of Glasgow; <u>Professor Neo Morojele</u>, Chair, KBS 2023 Local Organising Committee, Department of Psychology, University of Johannesburg; <u>Councillor Nomoya Mnisi</u>, MMC: Department of Economic Development, Johannesburg.</p> <p>9:00 – 9:30</p>			
	<p>Opening papers</p> <p>9:30 – 10:30</p>			
	Topic & Chair	Presenter	Title of presentation	Discussant
Pandora 1 & 2	<p>Issues in Southern Africa</p> <p>Chair: Kim Bloomfield</p>	Charles Parry	Looking back, moving forward: 50 years of SAMRC alcohol-related publications	Trygve Ugland
		Tebogo Sebeelo	Striking the Iron Whilst it's Still Hot? Exploring the Strategies and Tactics of the Alcohol Industry During the COVID-19 Pandemic in Botswana	
Coffee break 10:30 – 11:00				

Monday 11:00 – 12:30				
Room	Topic & Chair	Presenter	Title of presentation	Discussant
Pandora 1	Factors affecting youth drinking Chair: Juliana Valente	Nicholas Taylor	Distress, dissatisfaction, and drinking: The psychological influences on Australian adolescents' alcohol consumption	Laura Fenton
		Onyiye Omumu	The extent to which risk factors of alcohol use amongst adolescents determines the complications in a hospital-based setting	
		Gerhard Gmel	The association between changes in peer pressure and changes in alcohol and cannabis use: a prospective cohort study	Yvette Mojica Perez
		Temitayo Adewuyi	Peer pressure and parenting style as indicators of drug abuse among undergraduates in Lagos State, Nigeria	
Pandora 2	Developments and trends in alcohol, health & wellbeing Chair: Ulrike Grittner	Daumantas Stumbrys	The Burden of Alcohol- and Drug- Attributable Mortality in the Baltic States in 2007 – 2018	Pia Mäkelä
		Siri Haugland	Parental alcohol problems during childhood and social exclusion in adulthood	
		Tara Carney	Alcohol consumption trajectories and patterns during tuberculosis (TB) treatment: A longitudinal cohort in the Western Cape	Sebastián Peña

Aurora 1	Health care providers, workplace factors Chair: Dike van de Mheen	Janne Scheffels	Consequences of alcohol use for the workplace and beyond: Accounts by heavy drinking employees	Rachel O'Donnell
		Senamile Phindile Ngobese	Healthcare providers' knowledge of guidelines and their approaches to managing alcohol use among patients on antiretroviral treatment in South Africa	Annelien Esselink
		Felicia Mormah	Teachers' alcohol addiction and its effects in promoting a friendly and productive school climate	Nadine Harker
		Inger Synnøve Moan	Changes in alcohol use due to increased use of home office during the COVID-19 pandemic: Results from surveys and qualitative interviews among Norwegian employees	
Aurora 3	Violence against women Chair: Kammila Naidoo	Paballo Mogapi	Alcohol Prohibition during the COVID-19 Pandemic and Violence Against Women: A Narrative Review.	Jukka Törrönen
		Leane Ramsoomar	Harm towards women from men's drinking: A global narrative review of the qualitative literature	
		Mercilene Machisa	Association between alcohol, violence against women and girls (VAWG) and mental health: Pooled analysis from low-middle income settings	Cassandra Hopkins
		Olujide Adekeye	Alcohol Use and Dating Violence among Students in Public-Funded Universities	
Lunch 12:30 - 14:00				

	Monday 14:00 - 15:30			
Room	Topic & Chair	Presenter	Title of presentation	Discussant
Pandora 1	Harms to children Chair: Adekeye Olujide	Taisia Huckle	Estimating risk for recurrent maltreatment among children exposed to parents with an alcohol- attributable hospitalization or services used	Mia Miller
		Koen Smit	Carer alcohol use and entry into the child protection system in Australia (2008-2021)	
		Cassandra Hopkins	Examining the association between socio-economic characteristics and substantial harm from others' drinking to caregivers and their children	Paul Dietze
		Chukwuemeke Buzome	Influence of parents' alcohol consumption on children's education in Delta Central senatorial districts of Nigeria	
Pandora 2	Corporations, governments & people Chair: Monica Swahn	Niamh Fitzgerald	Changing public perceptions of alcohol; alcohol harms and alcohol policies using novel messaging: a mixed-methods study	Charles Parry
		Isabelle Uny	Understanding Alcohol Policy subsystems in Peru and Brazil: Comparative findings from a qualitative study	
		Sidsel Eriksen	Political background for the liberal alcohol culture in Denmark 1970s	Jim McCambridge
		Harald Klingemann	Public support for alcohol-free supermarkets: the case of the Swiss MIGROS retail cooperative	

Aurora1	Abstinence Chair: Tom Greenfield	Rob Bovens	Identifying predictors of staying abstinent during a one-month alcohol abstinence challenge in the Netherlands	Hildegunn Sagvaag
		Johanna Loy	Risk and resiliency for being an abstainer or a (heavy) drinker	
		Annelien Esselink	Evaluation of the effectiveness of a self-help guide during a one-month alcohol abstinence challenge	Tara Carney
		Nathalie Kools	The 'Average' One-month Alcohol Abstinence Challenge Participant Does Not Exist: Identifying Four Participant Profiles using Latent Class Analysis	
Aurora 3	Identification & implementation of AUD & treatment Chair: Karen Schelleman- Offermans	Andrea Rozema	Impeding and facilitating factors for the implementation of alcohol interventions in Dutch mental health care organizations: a qualitative study among healthcare professionals	Aasa Kvia
		Jacques Raubenheimer	Theatre-based Harm-reduction Education about Alcohol Trial in Rural Environments: Trial: Baseline results on alcohol usage in a rural part of Sri Lanka	
		Anna Bunova	Piloting a country-validated version of the AUDIT in the current screening programs in primary healthcare in Russia	Duncan Stewart
		Carmen Voogt	Implementation and evaluation of a community-based intervention targeting adolescents' substance use and well-being in the Netherlands: Study protocol of a quasi-experimental trial	
Coffee break 15:30 - 16:00				

	Monday 16:00 - 17:30			
Room	Topic & Chair	Presenter	Title of presentation	Discussant
Pandora 1	Professional views & methods Chair: Daumantas Stumbrys	Evelyn Kitabire	MPharm students' views on supporting patients with alcohol problems as future pharmacists	Inae Valerio
		Fieke van den Bulck	Professionals' perspectives on interventions to reduce and prevent problematic alcohol use in older adults: A realist evaluation of working elements	
		Siddhesh Zadey	Scaling up lay-health worker-led psychological intervention against alcohol use disorders in India: A cost-benefit analysis	Naiefa Rashied
		Justin Möckl	Clustering treatment pathways of people with alcohol dependence using a data linkage of routine data in Bremen, Germany	
Pandora 2	Harms to others Chair: Ruud Roodbeen	Daniel Anderson-Luxford	The impact of others' drinking on health; well-being and life satisfaction	Sandra Kuntsche
		Katherine Karriker-Jaffe	Understanding the scope and duration of alcohol and drug harms to others: Focus group data from the United States	
		Girish Rao	Harm to Others from Alcohol Use in India - Insights from the last decade	Leane Ramsoomar
		Bree Willoughby	Deaths and hospitalisations attributable to the drinking of others in Australia: Changes in national estimates from 2008-2021	

Aurora 1	Health info & guidelines Chair: Jim McCambridge	Catherine Paradis	News media coverage of the public consultation for Canada's updated Low Risk Alcohol Drinking Guidelines: A descriptive and thematic analysis	John Holmes
		Trygve Ugland	Low-Risk Drinking Guidelines and Positive News Media Coverage	
		Mark Wolfson	Why is there an Enduring Preference for Persuasion over Policy in the U.S. Response to Alcohol Related Problems?	Josefin Westermark
		Claire Wilkinson	Providing alcohol-related health information: A scoping review of different methods and comparison of their relative potential to enact behaviour change	
Sexual risk behaviour, HIV & mental health Chair: Vivek Benegal	Claire Biribawa	HIV testing and HIV-positive status among clients seeking treatment for Alcohol abuse: Policy implications for integrated treatment models in Sub-Saharan Africa	Florence Omumu	
	Jamie Grant	A qualitative exploration of the perceived factors that influence alcohol consumption among South African adolescent girls and young women (AGYW) and the relationship with sexual risk behaviour		
	Tinyiko Rikhotso	Facilitation of the mental health of adolescents abusing substances – A concept analysis	Arun Kandasamy	
Welcome Reception, University of Johannesburg, Auckland Park Campus Art Centre, 18:45 – 20:30 hours. Bus transport departs from Hotel Capital on the Park at 18:00				

**Tuesday 9:00 – 10:30
Plenary**

Room	Topic & Chair	Presenter	Title of presentation	Discussant
Pandora 1 & 2	Brief interventions Chair: Harald Klingemann	Nokulunga Shabalala	A systematic review of interventions for health workers that enhance their knowledge; skills and attitudes in order to lead to reductions in alcohol consumption among patients who use alcohol at harmful/hazardous or dependent levels in primary health care	Carmen Voogt
		Mia Miller	Addressing the Booming Booze Culture in Middle-Aged Women. Results of a Randomised Controlled Trial of a Web-Based Brief Intervention	Gillian Shorter
		Duncan Stewart	Brief Interventions 2.0: Assembling a new agenda	

Coffee break 10:30 - 11:00

Tuesday 11:00 - 12:30				
Room	Topic & Chair	Presenter	Title of presentation	Discussant
Pandora 1	Regulation Chair: Ziming Xuan	Cassandra Wright	Musing a MAP: What could a Managed Alcohol Program look like in the Northern Territory of Australia?	Tim Stockwell
		Harshitha H A	Indian States alcohol regulatory policies and their effects on Inebriety	
		Martyn Symons	Do large area alcohol restrictions impact tourism? A first look at Western Australian Data	Isabelle Uny
Pandora 2	Treatment, help-seeking & motivation Chair: Johanna Loy	Mukhethwa Londani	Help-seeking to reduce alcohol drinking level among adults who reported symptoms of alcohol problems: International Alcohol Control study (IAC); South Africa	Jessica Storbjörk
		Ruud Roodbeen	Evaluating the implementation of an integrated approach of alcohol interventions for older adults: an introduction of a mixed-methods design protocol	
		Aasa Kvia	'Recovery is up to you': Translating and organising a peer-led course within the framework of the Norwegian community health and welfare services	Nazarius Mbona Tumwesigye
		Rose N. Kiiru	Reducing alcohol use among patients undergoing methadone-assisted patients: an Intervention of the motivation interviewing approach	

Aurora 1	Youth Drinking in the Global South I Chair: Koen Smit	Philip Egbule	The Prevalence, Control Policies and Impact of Alcohol Consumption on Academic Performance among Undergraduates of Delta State University, Agbor Campus, South-South, Nigeria	Fieke van den Bulck
		Juliana Valente	Identifying key components of school-based programs to prevent alcohol use among Brazilian adolescents	
		Nadine Harker	Access to alcohol and other drugs; treatment and treatment seeking for adult men with a substance use disorder (SUD) during the COVID 19 pandemic on: Findings from three provinces in South Africa	Muhammad-fahmee Talek
Aurora 3	Heavy drinking, risks & perceptions Chair: Elin Bye	Edwina Williams	Distinguishing high-intensity drinking from heavy-episodic drinking events among U.S. adults using a web-panel survey	Sarah Callinan
		Thomas Greenfield	Rate of purchasing 'to go' drinks among US adults is associated with number of consequences stemming from bouts of heavy episodic drinking (HED) and high intensity drinking (HID)	
		Shangshang Gu	How do first-year university students (mis)perceive their peers' alcohol use? Evidence from the Sheffield Alcohol and Network Dynamics (SAND) Study	Justin Möckl
		Guilherme Borges	Sober up: time from last drink to a traffic-related injury	
Lunch break 12:30 - 14:00				

Tuesday 14:00 - 15:30				
Room	Topic & Chair	Presenter	Title of presentation	Discussant
Pandora 1	SES factors & inequalities Chair: Tim Stockwell	Pia Mäkelä	Changes in socioeconomic inequity in alcohol-related mortality in a period of increasing and decreasing affordability of alcohol	Ziming Xuan
		Colin Angus	Withering on the Vine?: modelling the impact of alternative approaches to adjusting the Minimum Price threshold in Scotland to account for inflation	
		Sebastián Peña	Socioeconomic and geographical differences in alcohol-attributable morbidity and mortality in Finland: a nationwide cohort study	Alexandra Snowden
		Karen Schelleman-Offermans	Do drinking motives mediate the positive association between neighbourhood disorder and alcohol use disorder and can social capital mitigate this effect? Testing a moderated mediation model	
Pandora 2	Alcohol & Distress Chair: Robin Room	Gabriela López	Day level associations between alcohol use and both positive and regretted sexual experiences: Does sexual history moderate effects?	Vivek Benegal
		Liza-Mari Volschenk	Alcohol, depression and unhealthy lifestyle choices in South Africa	
		Alexandra Torney	Effects of financial stress on drinking amount and price paid: Australian longitudinal data	Nicholas Taylor
		Arun Kandasamy	Prevalence, Comorbidities, and disability of alcohol dependence in India: Report from National Mental Health Survey of India	

Aurora 1	Policy Responses Chair: Inger Synnøve Moan	Hildegunn Sagvaag	Public Health perspective on alcohol culture	Catherine Paradis
		Artur Malczewski	Drug prevention systems in Europe - differences and similarities	
		Marina Piazza	Who is in charge of Alcohol Policy in Peru? Potential new actors and collaboration	Ulrike Grittner
		Prakrithi Shivaprakash	Pattern of Alcohol Sales in the state of Karnataka: Effects of price changes and economic activity	
Aurora 3	Treatment and practitioner case studies & recovery communities Chair: Rob Bovens	Ifeanyi Mormah	Alcohol-induced Psychotic Disorder: A case study of an adolescent	Apophia Agiresaasi
		Anne Schanche Selbekk	A place without walls, only possibilities: A qualitative study of experiences with Recovery College in Norway	
		Elizabeth Njani	Community approach to treatment of alcohol use disorders: Lessons from Murang'a country community treatment & rehabilitation initiative	Justyna Klingemann
		Sebenzile Nkosi	Alcohol use and treatment engagement among men: a community and treatment facility based qualitative study in three provinces in South Africa	
Coffee break 15:30 - 16:00				

Room	Tuesday 16:00 - 17:30	
Pandora 1	WORKSHOP	<p>How to inform policy- and decision-makers about evidence-based alcohol policy and prevention</p> <p><i>Convenor: Matej Košir</i></p> <p>Open to all KBS participants</p>
Aurora 1	WORKSHOP	<p>International Confederation of Alcohol, Tobacco and other Drugs Research Associations (ICARA)</p> <p><i>Convenor: Andrea Mohan</i></p> <p>Open to researchers interested in LMIC research</p>
Aurora 3	WORKSHOP	<p>GENACIS-GENAHTO-IGASHO 2023 WORKSHOP</p> <p><i>Convenors: Anne-Marie Laslett & Sandra Kuntsche</i></p> <p>Open to all KBS participants</p>
<p>KBS football game at Montrose Primary School, 18:30-20:00 hours. Bus transport to football pitch will depart at 18:00 (lighting, equipment and football kits provided; more details to follow)</p>		

Wednesday 9:00 - 10:30				
Plenary				
Room	Topic & Chair	Presenter	Title of presentation	
Pandora 1 & 2	Young adults Chair: Nazarius Mbona Tumwesigye	Amy Pennay	Risk and Restraint - The key to understanding the decreasing use of alcohol for young people in high income countries?	Karen Schelleman-Offermans
		Wit Wichaidit	Current drinking among generations Y and Z secondary school students in Thailand: Pooled analysis of nationally representative surveys	
		Laura Fenton	Theorising the decline in youth drinking: Alcohol, time, selfhood & risk in a neoliberal age	Gemma Mitchell
		Jukka Törrönen	How covid-19 affected young people's alcohol-related identity trajectories: A qualitative longitudinal study	
Coffee break 10:30 - 11:00				

Wednesday 11:00 - 12:30				
Room	Topic & Chair	Presenter	Title of presentation	Discussant
Pandora 1	Community & stakeholder perceptions Chair: Catherine Paradis	Addie Balenger	Community Voices on Alcohol Harm in Sierra Leone: Perceptions of Prevention Needs	Andrea Rozema
		Sibongile Sibanyoni	A call for harm reduction approaches to alcohol use disorders in student populations	
		Ciara Gilmartin	The Language of Lobbying: A Critical Discourse Analysis of Ireland's Public Health (Alcohol) Bill Debate	Niamh Fitzgerald
		Josefin Westermarck	Contemporary Finnish alcohol policy: A discursive landscape	
Pandora 2	AHTO Chair: Chenube Olufunke	Robin Room	Besides the drinking in alcohol's harm to others: Potential economic and environmental factors	Kate Karriker-Jaffe
		Gillian Shorter	Understanding the experience of affected others in coping with a problem drinker: what has worked and what has not	
		Vivek Benegal	Understanding responses to alcohol's harm to others in police stations in India	Mark Wolfson

Aurora 1	Alcohol, tobacco & other drugs Chair: Naiefa Rashied	Ziming Xuan	Epidemiologic transition of alcohol and tobacco use among low- and middle-income countries.	Colin Angus
		Emily Biggar	Is alcohol the most harmful substance? A comparison of the economic costs and harms of alcohol use with the use of tobacco; cannabis; opioids and other psychoactive substances in Canada; 2007-2020	
		Aditya Khanna	Modelling the Syndemic of Tobacco Smoking and Alcohol Use in Persons Involved with the Criminal Legal System and their Social Networks	Prakithi Shivaprakash
		Rufi Shaikh	Does change in alcohol consumption have any effect on tobacco cessation among men and women across India?	
Aurora 3	Evaluation studies Chair: Amy Pennay	Udomsak Saengow	Factors Associated with Intention to Quit Drinking after the 3-Month Abstinence Campaign	Rose Kiiru
		Rikste Knijff	Evaluation of the adoption process of alcohol policies in Dutch hospitals: a mixed method study	
		Jacqueline Bisschop	Evaluation of the effects of an interdisciplinary alcohol approach for hospital patients with high problematic alcohol use: A cohort study	Tove Sahlberg
		Dike van de Mheen	Have predictors of alcohol and drug relapse changed during the COVID-19 pandemic? A prospective study of recovery pathways in the Netherlands; Belgium and UK	

Lunch break 12:30 - 13:15

Social tours (meet outside Lobby of Hotel Capital on the Park)

Soweto, departure time: 13h30

Apartheid Museum, departure time: 13h30

Cradle of Humankind, departure time: 13h00

Lion & Rhino Reserve, departure time: 13h30

Lesedi Cultural Village, departure time: 15h00

Thursday 9:00 - 10:30				
Plenary				
Room	Topic & Chair	Presenter	Title of presentation	Discussant
Pandora 1 & 2	Novel/Special EPI Methods Chair: Guilherme Borges	Polathep Vichitkunakorn	Alcohol outlet density and adolescent drinking behaviours in Thailand from 2007-2017: A spatiotemporal mixed model analysis	Michael Livingston
		Tim Stockwell	How to conduct a cohort study that will show reduced mortality risk for moderate alcohol use: A theory-based analysis of study characteristics that potentially bias epidemiological estimates of alcohol's harm	
		Emmanuel Kuntsche	Exposure to alcohol in social media – why it matters, what do we know, and how to collect better evidence?	Gerhard Gmel
		Petra Meier	How can we use Agent-Based Modelling to understand the effects of Minimum Unit Pricing?	
Coffee break 10:30 - 11:00				

Thursday 11:00 - 12:30				
Room	Topic & Chair	Presenter	Title of presentation	Discussant
Pandora 1	Instrument validation Chair: Aleksandra Snowden	Ulrike Grittner	Using IRT (item response theory) models in scaling severity scores in alcohol research	Tom Greenfield
		Sarah Callinan	Questions on quantity and frequency are differentially effective by age in predicting future consumption	
		Caroline Alordiah	Validation of the Nigerian version of the Brief Young Adult Alcohol Consequences Questionnaire (B-YAACQ)	Emmanuel Kuntsche
Pandora 2	Alcohol during Pregnancy & mothers' drinking Chair: Kate Karriker-Jaffe	Petal Petersen Williams	Perceptions of perinatal alcohol use and treatment needs in Cape Town, South Africa – A qualitative study	Anne-Marie Laslett
		Apophia Agiresaasi	Effect of Communication Intervention on Alcohol use during Pregnancy in Post Conflict Northern Uganda	
		Sandra Kuntsche	Work like you don't have children; parent like you don't work: A qualitative analysis investigating competing work and their family demands and their link to increased alcohol use.	Siri Haugland

Aurora 1	Special settings & populations Chair: Trygve Ugland	Sarah Clifford	Alcohol consumption and harms at a regional Australian music festival	Guilherme Borges
		Jack Martin	UK football fans' match-day alcohol consumption behaviour and their view on the current legislation	
		Paul Dietze	Alcohol consumption in a cohort of people who use methamphetamine	Daumantas Stumbrys
		Monica Swahn	Neighbourhood Mapping of Alcohol Outlets in 3 Slums in Kampala, Uganda: Findings from the TOPOWA Study	
Aurora 3	Youth drinking Chair: Sebenzile Nkosi	Samson Agberotimi	Hip-Hop Songs and Alcohol Use among Nigerian Youths: Implication for Prevention Intervention	Amy Pennay
		Maphuti Chueng	Dominant Stories Related to Substance Abuse by Learners at Selected High Schools in the Capricorn District of Limpopo Province, South Africa	
		Elin Bye	Adolescent non-drinkers revisited: Do they still deviate from drinkers with regard to different health behaviours, social relations and lifestyle factors?	Wit Wichaidit
Lunch break 12:30 - 14:00				

Room	Thursday 14:00 - 15:30			
Pandora 1	Youth drinking in the Global South II Chair: Leane Ramsoomar	Olufunke Chenube	Drinking assessment and understanding of alcoholism among students in old and newly created universities in Southern Nigeria	Claire Biribawa
		Florence Omumu	University students drinking behaviour and substance use: does ethnicity drinking culture play any role?	
		Charity Waithima	Social environmental determinants of alcohol use among Kenyan adolescents	Philip Egbule
		Muhammedfahmee Talek	The Rising Acceptance of Drinking Behaviour Among Thai Muslim Youth in the Southern Border Province of Thailand?	
Pandora 2	Longitudinal studies Chair: Sebastián Peña	Yvette Mojica Perez	Understanding how the COVID-19 pandemic affected different socio-demographic groups in an Australian representative longitudinal sample	Taisia Huckle
		Tove Sohlberg	Societal integration; treatment and mortality after substance use treatment: a 20-year follow- up study	Johanna Loy
		Michael Livingston	Age, period and cohort trends in alcoholic liver disease morbidity in Australia between 1993 and 2021	

Room	Topic & Chair	Presenter	Title of presentation	Discussant
Aurora 1	Opening hours Chair: Nicholas Taylor	Rachel O'Donnell	A tale of two cities: Exploring the rationale and intended outcomes associated with later opening hours for alcohol licensed premises in Aberdeen and Glasgow	Artur Malczewski
		Ines Henriques-Cadby	The spatio-temporal effects of extending alcohol trading hours on recorded assaults in Aberdeen: A natural experiment	
		Megan Cook	Analysis of temporal availability in statements of licensing policy in England, Wales & Scotland	Petal Petersen Williams
		Gemma Mitchell	Later opening hours for alcohol licensed premises in Scotland amidst economic and social instability: Local stakeholder experiences based on semi-structured interviews	
Aurora 3	Population studies Chair: Vivek Benegal	Jiraluck Nontarak	The Prevalence of Unrecorded Alcohol Consumption and the Volume of Consumption in Thailand in 2022	Rao Girish
		Catherine Egbe	Association between tobacco and alcohol use and health outcomes in individuals living with diabetes and prediabetes in South Africa– a cross sectional study	
		Narayan Bhatta	Pattern of Alcohol consumption in Dhangadhi Sub-metropolitan city of Sudurpachhim Province of Nepal	Marina Piazza
		Aleksandra Snowden	Neighbourhood-level examination of the role of alcohol availability in crime	

Thursday 16:00 – 17:30 – no sessions

**CONFERENCE DINNER at The Venue, Melrose Arch; all registered participants invited, 19:00 - 00:00.
Bus transport departs from Hotel Capital on the Park at 18:30**

Friday 9:00 - 10:30				
Plenary				
Room	Topic & Chair	Presenter	Title of presentation	Discussant
Pandora 1 & 2	Implementing global initiatives Chair: Petra Meier	Nazarius Mbona Tumwesigye	Setting up a surveillance system for WHO's safer program: Lessons from a pilot facility-based alcohol and drug surveillance system in Kampala metropolitan area	Zila Sanchez
		Jim McCambridge	Are we moving into a new era for alcohol policy globally? An analysis of the Global Alcohol Action Plan	Robin Room
		Inaê Valério	Untangling the complex web of alcohol policy needs and potential solutions in Brazil: Pieces of evidence from civil society and political stakeholders	
Coffee break: 10:30 - 11:00				
Pandora 1 & 2	KBS Business meeting (all KBS members invited), 11:00 - 12:30			

	Friday 13:00-14:30	
Pandora 1 & 2	WORKSHOP	<p>How to inform policy- and decision-makers about evidence-based alcohol policy and prevention</p> <p><i>Convenors: Monica Swahn & Joel Francis</i></p> <p><i>Open to all KBS participants interested in conducting alcohol research and building capacity in Low- and Middle-Income Countries</i></p>
